Limited & Product Defect Warranty:

Imagine Tile, Inc. ("Manufacturer") warrants to the original purchaser that it will replace with comparable products any standard grade products sold by it which fail to meet the requirements of the ASTM tests for durability, coefficient of friction, acid resistance, or frost resistance.

Imagine Tile, Inc. will not be responsible for any costs of labor, installation or removal of tile.

Five - Year Glaze Wear Warranty:

Manufacturer warrants that its products will be free of undue visible glaze wear caused by normal wear and tear from pedestrian foot traffic for period of (5) years from the date of original purchase. Undue glaze wear is defined as wear in which the glaze is worn through to the body itself. Visibility of wear is measured from a standing height of not less than five feet looking down on the tile surface. This limited warranty is not intended to be a guarantee that glazed tiles will never show signs of wear. This warranty is for purchases made on or after January, 1st 1997. It covers floor tile manufactured by Imagine Tile, Inc.

Glaze Wear Warranty Limitations:

The Manufacturer specifically excludes from this glaze wear warranty glaze failures due to the following incidents:

- improper installation of the tile,
- acts of God,
- falling objects, abuse, misuse, negligence, vandalism, fire, exposure to extreme temperature, or accidents,
- failure to follow the Manufacturer's recommended installation, maintenance and care guidelines, including use of improper chemicals or compounds,
- non-foot traffic wear, or any act or omission which might be reasonably expected to damage a ceramic floor.

In the event of a valid claim, the Manufacturer will replace the defective tile(s) at its own expense, FOB manufacturing plant. Color matching of the replacement material is restricted to the currently available production items or materials that are in the Manufacturer's existing inventory.

Making a Claim:

The original purchaser must notify the Manufacturer in writing within sixty (60) days after delivery and prior to installation, of any defective tile. After notification of any defective tile or excessive glaze wear, the Manufacturer, or authorized agent, will, as soon as reasonably practicable, inspect the tile. At Manufacturer's option, such inspection shall take place either on site, or by having samples of the allegedly defective tile sent to the Manufacturer's facility. No claim will be honored without the tile having been inspected by the manufacturer. Claims made beyond the above periods are void. "Nonstandard" and "substandard" tile are sold "as is" and "with all faults."
